

Elbert Schoening 1/31/1885 Big Sandy Tn. DOD 6/6/1939

Elbert I don't remember too well, he lived in the west. When he went out there it was for his health. If I remember correctly I was told he worked in the cooperage (where barrels were made) and developed TB.

He was married to Sally Rickman and they had one daughter Mildred.

I remember the last trip he made to Paducah, must have been 1932 or 33 some where in there.

He had a good car don't remember what it was or what it looked like, but I do remember him saying, he took the middle of the road for he was driving as fast as anybody needed to be driving, and he just wouldn't let any one pass.

His wife Sally better known as Rita , born 31 Jan. 1886 in McCracken Co. Paducah, Ky. She died September 8, 1982 in Amarillo, Texas
